/******
*
*      File: HelloWorldApplet.java
*
*      Project:  HelloWorld--Applet
*
*      Description:  Create an applet that displays the words HelloWorld
*
*      Author:  Joshua Wiley
*
*      Date:  2-7-15
*
*      Comments:  I tried to run the applet in Google Chrome and IE both gave
*                  security warnings and blocked the file from running
*
