

Lab #: 5

CPS 245 Java
Lab Evaluation Sheet

Programmer Name: John Wiley

Date Due: 3-3-15

Date Turned In: 3-2-15

Above to be completed by student

Points (20 Possible)

Project Performance: (14 pts)

Part I. EmployeePayRoll (6 points)

- Appropriate constructor methods implemented
- Appropriate transformer methods implemented
- Appropriate accessor methods implemented

Part II. TestEmployeePayRoll (8 points)

- 3 input methods and one display method

All parts

Project runs as submitted
Project works according to specifications
Output is accurate
Logic is efficient
Meets all requirements
Meaningful output for users

COMMENTS:

Submission: (1 pts)

Submission contains all necessary project files but no extra files
Printouts of all code

COMMENTS:

Standards and conventions (5 pts)

Objects are well named (consistently following naming conventions)
Identifiers for Variables and Named Constants (consistently following naming conventions)

Appropriate Header Information:

Programmer name
Project number
Date

Project description

Descriptive remarks in every procedure- *do comments ADD value?*

Proper indentation/alignment

Proper blank lines/whitespace

No unused methods included

Design Goals:

- Readability
 - Code
 - Input/Output
- Clarity
 - Code
 - Input/Output
- Flexibility
