

Lab #: 4

CPS 245 Java

Lab Evaluation Sheet

Programmer Name: Joshua Wiley

Date Due: 2-21-15

Date Turned In: 2-23-15

Above to be completed by student

Points (20 Possible)

Project Performance: (13 pts)

Part I. BankAccount (6 points)

Part II. Design and Implementation of main method to test (5 points)

Part III. Design and Implementation of BankAccountUser (2 points)

Grading for all Parts

Project runs as submitted

Project works according to specifications

Output is accurate

Logic is efficient

Meets all requirements

Meaningful output for users

COMMENTS:

Submission: (2 pts)

Submission contains all necessary project files but no extra files

Printouts of all code

COMMENTS:

Standards and conventions (5 pts)

Objects are well named (consistently following naming conventions)

Identifiers for Variables and Named Constants (consistently following naming conventions)

Remarks in General Declarations section

Programmer name

Project number

Date

Project description

Descriptive remarks in every procedure- do comments ADD value?

Proper indentation/alignment

Proper blank lines/whitespace

No unused methods included

Design Goals:

- Readability
 - Code
 - Output
- Clarity
 - Code
 - Output
- Flexibility
